Mohamed Salah

Liverpool | FW | Age 32

Market Value: EUR65.0M

S1 WAR Assessment (Wins Above Replacement)

|                  |            |
|------------------|------------|
| WAR (Percentile) | Tier       |
| Goals/90         | Assists/90 |
| Tackles/90       |            |

S2 Market Value Assessment

|                      |             |
|----------------------|-------------|
| Status               |             |
| Estimated Fair Value | Value Ratio |

S6 Decline Risk Detection

|                     |                            |
|---------------------|----------------------------|
| Decline Probability | Growth Classification (P7) |
|---------------------|----------------------------|

LOW RISK: Stable. Long-term contract feasible

Overall Scout Verdict

STRONGLY RECOMMENDED (78%)

|                   |             |                    |
|-------------------|-------------|--------------------|
| WAR Score         | <div></div> | WAR 87.3           |
| S2 Value          | <div></div> | Value Ratio 1.35x  |
| Decline Stability | <div></div> | Decline Prob 18.5% |

Scout Notes

|                                                  |  |
|--------------------------------------------------|--|
| Priority                                         |  |
| Memo: Contract expires 2026 - negotiation needed |  |
